### **LFAGW Corporate Sponsorship Program**

Founded in 1974, the Lupus Foundation of America, Greater Washington Chapter, is the DC, Virginia and Maryland-area's leading non-profit health organization dedicated to supporting the 40,000 local residents living with lupus, and increasing awareness of lupus among health professionals and the public. We welcome the support of corporations who join us as partners in our critical mission, and provide here an outline of the various levels of corporate support available. Please contact Penny Fletcher to discuss corporate sponsorship.
