

**Lupus Foundation of America, Heartland Chapter
Lupus Physician Directory**

The Lupus Foundation of America, Heartland Chapter has compiled this directory of physicians specializing in the diagnosis or treatment of lupus within our chapter territory of Missouri, Kansas, central and southern Illinois. We are not able to evaluate the professional qualification and competence of individual physicians included in the directory. Inclusion of a particular physician should not be interpreted as a recommendation or referral by the Lupus Foundation of America, Heartland Chapter, nor does the omission of any individual physician indicate disapproval. This list only includes specialists in rheumatic diseases, called rheumatologists. Rheumatologists are doctors who specialize in the diagnosis and treatment of more than 100 rheumatic diseases such as lupus. Not all physicians in this directory are currently accepting new patients. Please contact them directly. **UPDATED 5/31/2023**
