NEW MODEL OF INTEGRATIVE CARE

- The meaning of Alternative
- Disease Care Model
- Structure Function Care Model
- Disease Care vs. Structure Function Care
- New Model of Integration Care

WHY INTEGRATION?

- U.S. provides best Disease Care in the World
- U.S. has highest level of oppression of Structure Function Care
- U.S. ranks last in developed countries in Healthcare
- Balanced Healthcare should be:
80% Structure Function Care
20% Disease Care

BLUE CROSS/BLE SHIELD OF ILLINOIS

- Structure Function Care as Primary Care
- 60% overall savings over 10 years
- 85% reduction of pharmaceuticals
- 60% reduction of hospital admissions
- 62% reduction in outpatient surgeries and procedures
- 85% reduction in adverse outcomes
- 90% patient approval vs. 60% from the disease care model
- 98% approval by specialists vs. 40% approval for disease care as primary

HOW TO IMPLEMENT STRUCTURE-FUNCTION CARE

- Must have both care models to receive the most PATIENT benefit
- Structural care: works directly on body
 - Chiropractic
 - Craniosacral
 - Therapeutic Massage
 - Acupuncture
 - Physical Medicine
 - Corrective Exercise

the
PRATHER PRACTICE

HOW TO IMPLEMENT STRUCTURE-FUNCTION CARE

- Functional Care
 - Herbs
 - Diet
 - Supplementation
 - Homeopathy
 - Aromatherapy
- Add the Functional care element to Chiropractic office with Medical primary care

EIGHT PILLARS OF PERFECT HEALTH

- Energy Flow
- Oxygenation
- Xenobiotics
- Water
- Nutrition
- Exercise
- Rest
- Be Attitudes
